Press Release

For Immediate Release

WEATHER CONDITIONS MAKE DIFFICULT NAVIGATION FOR THE M/V BELLA DESGAGNÉS

Rimouski, November 29, 2019 — Relais Nordik, operator of the maritime service of the Anticosti Island and the Lower North Shore, announced that wind conditions in the Gulf of St. Lawrence make navigation difficult and, therefore, it may not be possible to dock safely in some ports on the upstream route.

All the ports from St. Augustine to La Romaine are at risk of not being served. *M/V Bella Desgagnés* continues her journey upstream, assessing the possibility of safe berthing for the vessel and its occupants, at each of the planned stopovers.

The Company asks its customers to follow the progress of the *Bella Desgagnés* by consulting the website at <http://position.desgagnes.com/rni.asp> which will be updated regularly. The Company also invites all users to contact their local agent to know the expected times of arrival and departure in their port. The representatives of Relais Nordik mentioned that they do their utmost to minimize the impact on the customers.
